PREFACE.

THE question is often asked, Does the Compiler copy from preceding Directories, or, does he originate the information necessary to make the Directory complete each succeeding year? We answer, it is as necessary to canvass the whole City, every family and person of business, as though it were the first time a Directory was ever published for the City of Brooklyn. Great changes are occurring every year, but the changes of the past year will be found far greater than any single year during the five we have been engaged at the work.

The number of names given in the issue of May, 1854, was estimated at about 38,000. We claim, this year, 50,000 names; thus it will be seen that the size of the work is increasing, which must necessarily increase the expense of producing it, yet we have not increased the price, but must insist on charging $2.00 per copy, as we find it absolutely necessary to meet the actual cost of publishing. We would inform those who have been accustomed to hold back for the sake of a *Quarter* less on price, that the edition is limited this year, and they who are disposed to wait may not obtain a copy at any price.

Asking indulgence for all errors, and returning my sincere acknowledgments to all who so kindly contributed information, the work is confidently believed to be as complete as the circumstances would permit.

"THE EVERGREENS,"

A CEMETERY,

Incorporated under the Act authorizing the Incorporation of Rural Cemetery Associations.

THIS Cemetery is situated more centrally than any other, and is accessible by the various conveyances through Myrtle and Division Avenues, and is never likely, from its position, to be disturbed.

It adjoins the City of Brooklyn on the East, and occupies an area of two hundred acres, between the Cypress Hills Plank Road and Jamaica Plank Road.

Division Avenue, (or Broadway,) through which a Stage runs every fifteen minutes, is paved to the gate. The City Railroad Cars will run through Fulton Avenue to the gate every five minutes, from Fulton Ferry.

The natural beauties of this Cemetery, and the improvements thus far made, are in no wise inferior to those of any other.

THE PRICES OF GRAVES AND BURIAL LOTS VARY FROM $7 TO $70.

Further information can be given at the office of the Cemetery, No. 337 Fulton St. Brooklyn, from 9 A. M. to 5 P. M., or on the ground, by applying to

SELPHO'S PATENT ELASTIC

ANGLESEY LEG AND ARTIFICIAL HAND,

516 Broadway, opposite the St. Nicholas Hotel,

(Formerly 24 Spring Street).

W. S. begs leave to announce to all who have had the misfortune to lose a limb, that he continues to supply the above unrivaled substitutes, through which he has been so successful for the past 19 years. It is worthy of note that, while many inventions of Artificial Limbs have claimed the attention of the Public, few have realized the expectations of their wearers, and none can claim *priority* or *superiority* over the Anglesey Leg, which W. S. introduced into this country as far back as the year 1839, and which is now worn by hundreds in all parts of the Union, some walking ten miles daily, many walking with pairs, without even a cane. And there is one case where the person has *neither knee joint*, and consequently walks on two *Artificial Knees*, (the only case on record). He has walked at least four miles a day for the last eight years. Numerous other gratifying evidences can be adduced, but, having been so long before the public, W. S. deems it unnecessary. He, however, desires to call attention to *his newly invented Lateral Elastic Joints*, (patented May 6th, 1857). The above superior substitute for a lost limb combines all the advantages of his celebrated Anglesey Leg, with the great improvement of the elastic side motion of the ankle joint (never before successfully imitated). This side motion imparts an elastic, life-like feeling, peculiarly grateful and pleasing to the wearer, besides being light and durable. The above has been thoroughly tested, and W. S. offers it with confidence (after nearly 30 years' experience), as superior to any Artificial Leg known.

SELPHO'S PATENT ARTIFICIAL HAND.

W. S. desires also to call the attention of those who have had the misfortune to lose a Hand, to his newly invented Patent Artificial Hand, which is truly the most useful and practicable substitute for a lost Hand ever submitted to the consideration of the unfortunate. This Hand is so constructed that the wearer can open and shut it without assistance from the remaining Hand; can pick up and hold various articles, such as knife, fork, hat, &c.; can write with surprising facility, and use it in various ways with great satisfaction; and in shape or form it is in close imitation of the natural Hand. The principle on which it is constructed is simple and strong it is not liable to get out of order, and it can be worn with but little inconvenience.

WESTCHESTER COUNTY

PURE MILK ASSOCIATION.

We, the undersigned Association, would inform the inhabitants of Brooklyn, and all those who are desirous of obtaining Pure and Wholesome Country Milk for their families—and especially those who have small children under their care—that we now open a Milk Trade in this City with a far different article than a majority of the families in this community have ever been blessed with.

Our patrons and acquaintances in New York, whom we have served with Milk for the past nine years, being anxious that their friends in the neighboring City should not be compelled to purchase a poisonous composition, vulgarly called "Swill Milk," have persuaded us to form an Association for the sale of **Pure Westchester County Milk,** and establish it here for the benefit of those who are otherwise deprived of the privilege of obtaining it.

All orders will be promptly attended to by applying to the drivers of our wagons or at the Depot,

No. 134 Fulton St., cor. of Middagh St., Brooklyn,

OR AT THE DEPOT,

No. 139 East 37th Street, New York.

C. SMITH, President.

This is to certify that we, the undersigned, farmers of Westchester, Dutchess and Putnam Counties, are now supplying the above Association with PURE AND UNADULTERATED MILK IN EVERY RESPECT, which we raise with the utmost care on our own farms:

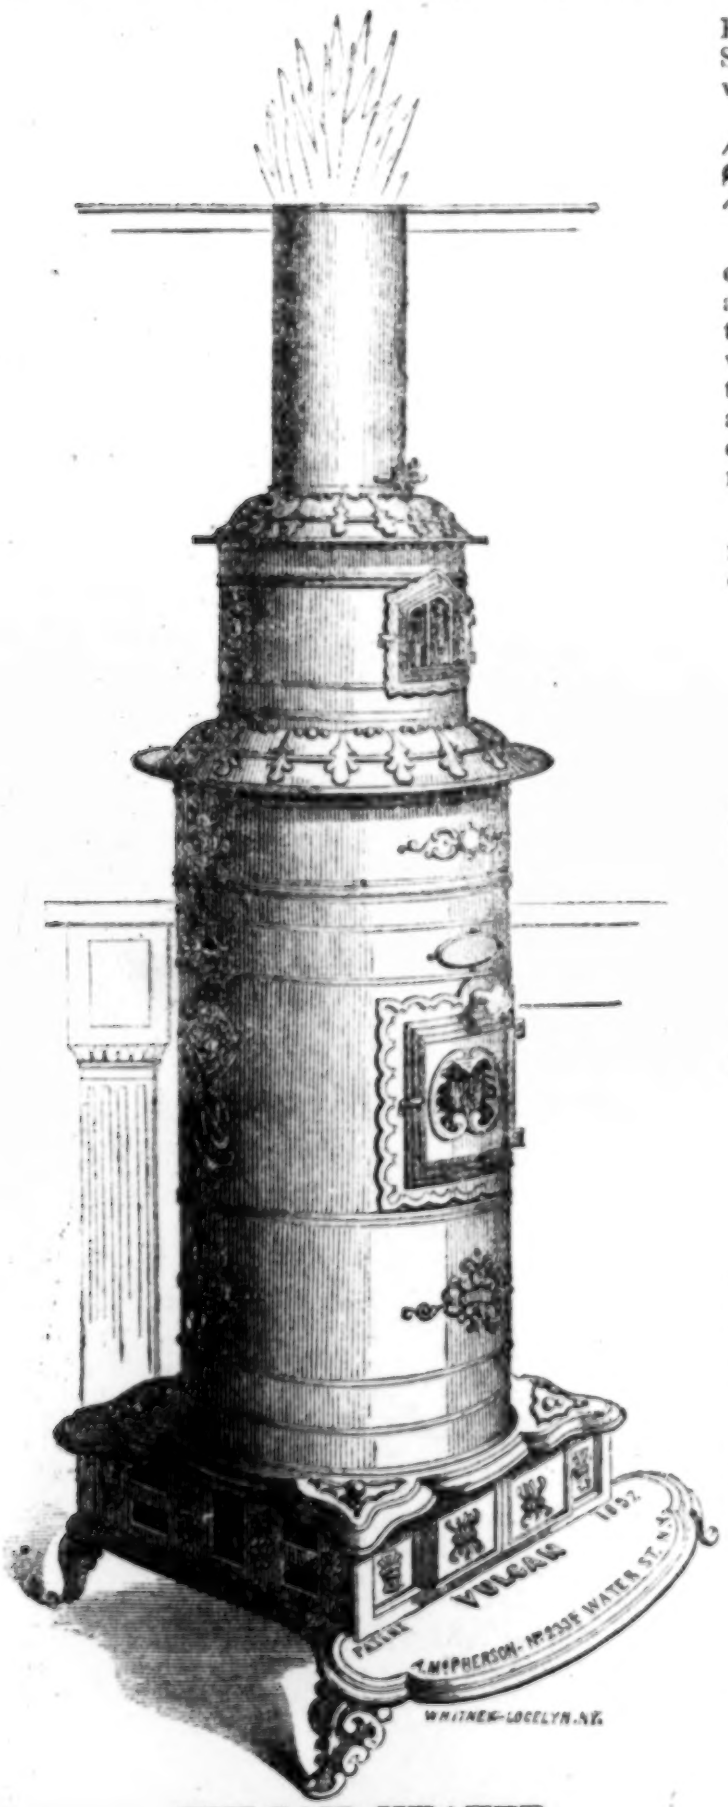
A. McPHERSON'S

VULCAN PORTABLE HEATER, AND WARM AIR VENTILATOR,



VULCAN HEATER.

For warming Basements and Parlors, Stores, Halls, Factories, &c., with or without registers. One of our

Vulcan Heaters,

of a proper size, will heat a Basement and Parlors above, that would require three stoves, with no more coal than would be required for one, thus saving the labor of making two fires, and avoiding the dust, wear and tear of carpets, and at the same time giving a more uniform and pleasant heat.

The top can be furnished with two or more branches, to lead the warm air in different rooms.

COOKING RANGE

AND

Hot Air Furnace Depot

MANUFACTURER AND DEALER IN THE

AMERICAN RANGE,

WITH OR WITHOUT THE

Hot Air Attachment.

With the Attachment the room above can be heated without any additional expense for fuel. Of the Ætna Heater, I have four sizes for setting in brick work, and two that are portable.

Also three sizes of a new article for heating basements, and one or more rooms above; neat and beautiful in design, and a powerful heater.

M. FINKLES'

IMPROVED PATENT

SEWING MACHINES,

NO. 421 BROADWAY,

Corner Canal Street, New York.

These Sewing Machines are First Class, and adapted to the wants of families and business men.

THE LARGE SIZE MACHINE

is more particularly suited to Manufacturing purposes, and is, therefore, recommended to the notice of those engaged in making, for the market, Caps, Shoes and heavy Clothing.

The Small Size, or Family Machine,

is all its name indicates. Warranted to execute any variety of Seam with neatness and strength, on the lightest or heaviest Goods used in families.

THE FINKLE MACHINES

are not surpassed in beauty of appearance, simplicity of construction, style and superiority of workmanship, adaptation of parts, nor in any particular necessary to render them complete and durable.

On account of the few connections and proper fitness of the parts, one to the other, this Machine can be operated with little or no noise, and is less liable to get out of order than any other now in the market. The most inexperienced can readily learn to regulate and operate on it—a task which has heretofore been found by many tedious and discouraging. The speed equals that of any other Sewing Machine, and not a day passes but some person calls at the office and pronounces it the best to be found in the City.

STREET AND AVENUE DIRECTORY

OF THE

(CONSOLIDATED)

CITY OF BROOKLYN.

Corrected and revised in accordance with the latest Corporation numbers up to May, 1858.

SHOWING the position, commencement and termination of each Street, Avenue, Place, Lane, Court, Alley, etc., in the Consolidated City, with the junctions and crossings of the intersecting streets; also, the number of the building at the corner of each street, avenue, &c., when there is any.

When there is no house on the corner, or where the corner house fronts on the crossing street, the number nearest the corner is given, and a * placed before it to denote that that number is not to be looked for on the corner of the street or avenue named.

A — denotes that there is no number on the corner or near the corner.

A † placed in the right or left column denotes that the street does not extend to that side of the one under whose heading it is found.

As a rule, the numbers will be found to commence westward and northward from the opening of the street or avenue, the *even* numbers occurring generally on the *right hand* side.

EXPLANATIONS.

If you wish to find the location of any number—for instance, 115 Bridge Street—on consulting the Directory you will observe that 105 Bridge is on the left hand of that street, and on the corner of Prospect, and 129 Bridge is on the left hand corner of Sands; hence, the desired location of 115 Bridge is between Prospect and Sands, on the left hand side.

The capitals E. D., when placed after a street, avenue, etc., denote that it is in the Eastern District. As there are several streets in Greenpoint, Bushwick and Williamsburgh of the same name, and all being reckoned as the Eastern District, the exact location of such streets is given in connection with the capitals E. D.

Note.—As there are two Hudson Avenues in the Western District—one running from East River, between Gold Street and the Navy Yard, south to 206 Fulton Avenue, the other from Fulton Avenue, between Brooklyn Avenue and Albany Avenue, south to City Line (Flatbush)—the latter will be designated through the body of this work by *Italics*.

A. WILBER & CO.,

MANUFACTURERS OF

WEST'S PATENT

GALVANIC CEMENT ROOFING

PATENTED OCTOBER 30, 1855.

Office, 76 WALL STREET, NEW YORK.

The only patent that secures the use of Rubber and other elastic ingredients, which enable it to resist the action of the weather. Five hundred to one thousand buildings in this City and vicinity have been covered with this Cement within the last year. No material now in use is so well adapted for New Roofs, or for repairing roofs of Zinc, Tin, Iron, Slate, Shingles, Steamboat Decks, Car Tops, Awnings, Eave Troughs, &c., &c.

We make them perfectly tight with our Cement. We invite the public to call and see specimens at our office, or where our Cement has been applied. The best testimonials can be given in its favor. It is durable, cheap, fire and water-proof. All orders promptly attended to, and work warranted.

Reference may be made to the following persons:

Novelty Iron Works, foot of 12th st., E. R., N. Y.
Morgan " " 10th "

And many others.

We might offer thousands of certificates from all parts of the Union, but have only room for the following, as a specimen:

"We were present at the disastrous fire in Salina last fall, and took particular notice of the effect of the fire on 'WEST'S GALVANIC CEMENT' Roofs. The composition was FIRE-PROOF. Burning boards and cinders fell on the roofs, and did no harm. The inside of the buildings was burned out, and the roof-boards almost entirely consumed before any fire would break through the roofs. It will resist the fire longer than tin, and there is no other kind of roof that is so entirely proof against water.

SYRACUSE, March, 1857.

ALEXANDER DUFF, A. CRIPPIN,
G. P. JOHONNOT, EMMER P. MORSE,
P. FORD, JAS. JOHONNOT."

The gentlemen who signed the above certificate are of entire respectability, and their statements are reliable.

SYRACUSE, July 20, 1857.

R. WOOLWORTH, County Judge, Onondaga Co., N. Y.
C. F. WILLISTON, Mayor of Syracuse.

PRINCE'S

PROTEAN FOUNTAIN PEN.

THE MERITS of this Pen have alone gained for it its **world-wide reputation.** The objections brought to bear against various other makes of Fountain Pens have been entirely overcome in this, and it may be safely said of this, that it is the

ONLY PERFECT FOUNTAIN PEN IN EXISTENCE.

The handles, piston rod and regulator, (which graduates the flow of ink,) are all made of vulcanized India Rubber, and are **absolutely incorrodible.** The Gold Pens are of 14 carat gold, of the best manufacture, and warranted, with good usage, for one year. The Pen and Handle, complete, is **compact,** readily handled, and as **easily carried** as a pen of the ordinary kind; at the same time, it being filled with a supply of ink sufficient for from three to twelve hours' continuous writing, ready for use at any moment.

From a list of upwards of 2,000 testimonials, we make a few extracts:

"It is like a friend in need, always at hand, ready to serve you, and doing your work well."—FRANCIS VINTON, D. D.

"I regard it as one of the most valuable and TIME SAVING inventions of the present day."—ALBERT GILBERT, *Clerk Board Education, N. Y.*

"I sincerely endorse the above opinion."—R. STORRS WILLIS.

"I esteem it invaluable."—THEO. F. ANDREWS, *Reporter House Representatives.*

"I have written six columns of 'The Tribune' without refilling it."—CHAS. E. WILBUR, *Reporter N. Y. Tribune.*

"It executes its work to my great satisfaction."—PROF. PACKARD, *Bowdoin College.*

"It has been to me an indispensable article, both at the office desk and during traveling, for the whole of my correspondence."—CALVIN BROWN, *U. S. Civil Engineer, Gosport Navy Yard.*

"I find it the best Metallic Pen I have ever put to paper."—W. D. WATERMAN, *Somerville, N. J.*

"My experience of this Pen justifies the highest commendation of its value."—REV. J. W. WYCHOFF, *Albany, N. Y.*

Testimonials of the above character are daily given us by men of standing. The public are invited to call and examine the pen for themselves; we only ask a trial.

Depot, 262 Broadway, New York.

☞ JOBBING punctually attended to in New York, or any part of the Country.

THE LIVER INVIGORATOR,

PREPARED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public, that acts as a CATHARTIC, easier, milder, and more effectual, than any other medicine known. It is not only a CATHARTIC, but a LIVER remedy, acting first on the LIVER to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most CATHARTICS. It strengthens the system at the same time that it purges it; and when taken daily, in moderate doses, will strengthen and build it up with unusual rapidity.

SANFORD'S LIVER INVIGORATOR.

The **Liver** is one of the principal regulators of the human body; and, when it performs its functions well, the powers of the system are fully developed. The STOMACH is almost entirely dependent on the healthy action of the LIVER for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the **Liver**—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with **Liver Complaint**, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, **Purifying the Blood,** giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious attacks are cured, **and, what is better, prevented,** by the occasional use of the **Liver Invigorator.**

One dose, after eating, is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose, taken before retiring, prevents **Nightmare.**

Only one dose, taken at night, loosens the bowels gently, and cures **Costiveness.**

One dose, taken after each meal, will cure **Dyspepsia.**

☞ One dose, of two tea-spoonsful, will always relieve **Sick Headache.**

One bottle, taken for female obstruction, removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves **Cholic,** while

One dose, often repeated, is a sure cure for **Cholera Morbus,** and a preventive of **Cholera.**

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

☞ One bottle, taken for **Jaundice,** removes all sallowness or unnatural color from the skin.

One dose, taken a short time before eating, gives vigor to the appetite, and makes food digest well.

One dose, often repeated, cures **Chronic Diarrhœa** in its worst forms, while **Summer** and **Bowel** complaints yield almost to the first dose.

One or two doses will cure attacks caused by **Worms** in Children: there is no surer, safer, or speedier remedy in the world, as it NEVER FAILS.

☞ A few bottles cure **Dropsy,** by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for **Fever and Ague, Chill Fever,** and all **Fevers** of a **Bilious Type.** It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

☞ Mix Water in the mouth with the Invigorator, and swallow both together.

THE LIVER INVIGORATOR IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures, almost too great to believe. It cures as if by magic, *even the first dose giving benefit*, and seldom more than one bottle is required to cure any kind of **Liver** Complaint, from the worst *Jaundice* or *Dyspepsia* to a common *Headache*, all of which are the result of a **Diseased Liver.** PRICE ONE DOLLAR PER BOTTLE.

GENUINE PERSIAN INSECT-POWDER.

GENUINE
PERSIAN INSECT-POWDER

Destroys all INSECTS, from which men, animals, and plants suffer; is free from poison, and perfectly harmless to the human family, as well as all domestic animals and birds.

DIRECTIONS FOR USE.—Throw the Powder so as to make the dust enter the crevices and places where the Insects are.

E. MARX, sole Importer and Proprietor for the United States, 125 Pearl Street, New York, 108 Fulton St., Brooklyn.

The subscriber begs leave to introduce to the Public his

GENUINE PERSIAN INSECT POWDER,

An article which has gained a world-wide reputation for its excellency in exterminating

Bedbugs, Cockroaches, Moths, Fleas, Ants, Flies, Mosquitos,

AND INSECTS OF ALL DESCRIPTIONS, IN

HOUSES, AND ON ANIMALS & PLANTS.

Having, during his late visit to Europe, made arrangements with a party, for a number of years established in Tiflis, Asia, to supply him exclusively with this article, pure and unadulterated, for the United States, he can confidently recommend it to all Dealers, and the public at large, as the best and safest Insect Destroyer in this market.

TESTIMONIAL FROM DR. CHILTON.

MR. MARX—DEAR SIR:

I have analyzed the sample of Persian Insect Powder which you left with me, and find that it is a harmless vegetable powder, which may be used with perfect safety for the purpose of destroying small insects, such as Roaches, Ants, Flies, Bugs, &c. Having tried it practically, I know it to be efficacious.

The powder, although so deadly in its effects upon insects, is perfectly harmless to man, and the high orders of animals.

Respectfully yours, JAMES R. CHILTON, M. D., Chemist.
